Description			
<i>Provide a short description of the event and its activities.</i>			
On February 14th, 2024, Centropa held a workshop at the Irena-Sendler School in Hamburg for 11th grade students. We worked with the film about Centropa interviewee Rosa Rosenstein and discussed her life and			

the oral history method as well as remembrance with the students. Then, the students formed groups and worked on individual posters with the editing tool Canva to create a presentation of an aspect of Rosa Rosenstein's life which interests them the most. They used the new Centropa project website "Kaleidoskop" (<https://kaleidoskop.centropa.org/>) which features the biography, and also has age appropriate tasks and questions ready to use in educational contexts.
